### Instant Savings on Relay G10S

The **Relay® G10S** is a stompbox plug-and-play guitar wireless system that frees guitarists and bassists to move around the stage untethered with an impressive 130' line-of-site range. The Relay G10S wireless system features a rugged metal stompbox receiver that easily integrates into a pedalboard, as well as simple plug-and-play operation. Thanks to its intelligent setup features, the unit immediately locates and locks onto the strongest available wireless frequency as soon as the transmitter is docked in the receiver. It also has a manual channel select option.
